In the foreground, a multi-lane highway bridge crosses the river. To the right of the bridge, there are several modern buildings, including a large one with a glass facade. The city skyline is dense with various skyscrapers and buildings. The background shows a vast expanse of greenery and distant hills under a clear blue sky.

## GRADUATE EMPLOYMENT

Brisbane is now a destination of choice for business and investment, major events and international education. Brisbane is rapidly emerging as a diverse and energised global city with a thriving \$135 billion economy.

With industry rapidly expanding, employment opportunities for graduates with previous experience are highly sought after. Joblinx facilitates career enhancing programs to ensure Sarina Russo Institute graduates have a competitive advantage over their peers.

## STUDENT TESTIMONIALS

“My Joblinx consultant Juliana made me feel very welcome and she has helped me in countless ways. I was given advice on how to improve my resume and encouraged to participate in workshops and courses that would contribute to my professional development.

Juliana was kind enough to spare a few hours of her day to accompany me to restaurants so I could learn how to introduce myself, talk to managers and build my confidence in looking for a job in a foreign country. She was very supportive throughout the process and I managed to get a restaurant job at Comuna Cantina!

I’m very grateful for the incredible support that I received from Joblinx.”

“Joblinx helped me to shape my resume into something that was more appealing to Australian employers. Lastly, they offered me free training in coffee making which is an additional knowledge and skill for me.”

*Mark John Dela Paz*

**“Through this experience, I have learned valuable communication skills and built good relationships with my co-workers.”**

“I had the opportunity to undertake an internship at Sarina Russo Institute working in the quality unit department.

Through this experience, I have learned valuable communication skills and built good relationships with my co-workers. They were willing to share their expertise and help me to improve my computer skills.

The people were really kind and friendly. They made me feel at home and like I was part of a family in the workplace. My English speaking has improved greatly as I was speaking English here every day.”

*Jungwon Yoon - Korea*

## STUDENT TESTIMONIAL

"I studied at Sarina Russo Institute and Joblinx offered helpful advice on how to tailor my resume to suit the Australian job market.

I got a work placement through Joblinx and learnt a lot from this new work experience. After a few months, Joblinx secured another work experience opportunity, where I could learn more and build on the skills that I gained in my previous work experience.

Today, I have a part time job in my area of study and it's all thanks to Joblinx!"

## WORK EXPERIENCE PROGRAM

The Joblinx Work Experience Program gives you the opportunity to experience the Australian Workplace and an opportunity to apply recently acquired theory in a professional workplace.

Joblinx source professional placements with leading local businesses where students have the opportunity to gain additional practical skills and real workplace knowledge as well as a chance to showcase their skills and expertise.

Students can then build their resume with validated professional work history, grow their networks while kick-starting their professional career.

## EMPLOYER TESTIMONIAL

“We have found the student placement program to be a valuable program. The program enables the hotel to offer unpaid, onsite, hands on training to the students, in turn we have found that quite a few students have been given the opportunity to work with us permanently after the placement has concluded, due to their ongoing hard work and commitment whilst in training.

We have found the quality of the students sent to the hotel to be good, most of whom are dedicated and genuinely passionate about the Hospitality industry. We have also found that the support from the Student Recruitment / Placement Officers has been fantastic! They are professional, personable and have a good eye when choosing the right candidates for a particular placement.

Many thanks for your assistance over the past years, we look forward to continuing to work with in the future.”

## EMPLOYER TESTIMONIAL

"Our partnership over the past few years in giving students work placements has been encouraging and worthwhile."

When I came to Queensland we had an Intern in place, Jimmy Parketh. Once Jimmy had completed his Internship he continued to work for us part time until his course ended and then he switched into a full time position. Jimmy performed extremely well in Service and Sales with our customers and was often one of the top performers for Brisbane Airport.

We then helped another student, Chris Wong with an internship and again after a successful period with us, Chris continued on into a full

time role and is still with us having just recently been promoted into a more senior position leading a team.

We did have a third intern who didn't work out for us. She completed her internship but didn't show any initiative or motivation for the role but we hope she learned some skills with us to help her on her career journey.

In the next few weeks we take on the fourth internship and I'm hopeful that we can continue to offer some experience to these students as they make their way through their education."

## PAID (PART TIME) EMPLOYMENT

Joblinx knows how important it is for students to gain part time employment to support themselves during their studies. These part time roles can also assist in professional development, improve and enhance English language skills, and build confidence.

Our team of consultants have a large database of employers they work with regularly who employ our students because they know the candidates we send them have completed our workshops and are 'job ready'.
